

ISA's Molded Foam Products updated: 08/10/2017

The molded foam products listed below require textile approval prior to production. In order for textiles to be approved, a memo sample is required for a suitability test; this can be ordered and sent to ISA directly from the manufacturer's website. An **Upholstery Approval Form** (this form found on the Downloads section under the Resources tab) must be filled out and submitted to ISA along with memo sample.

PRODUCT#	PRODUCT NAME	PRODUCT#	PRODUCT NAME
