

7800 MIKOS BASE

OVERALL DIMENSIONS

DINING HEIGHT: 27 ½"

BAR HEIGHT: 40 ½"

TOP PLATE: 8" X 8"

SPREAD: 18" DIA/ 24" DIA

COLUMN: 3" DIA

SPECIFICATION:

- All bases start with a bottom ½" solid metal plate and covered with a round 16 gauge furniture grade cover, all plates have adjustable glides in them to allow leveling on uneven floors.
- All bases start with a bottom round disk piece that is cast iron and is available in various diameters; all cast pieces have adjustable glides in them to allow leveling on uneven floors.
- A 14 gauge metal column with cast metal top mounting plate and a continuous threaded rod that is mounted to the base via bolt. The 18" and 24" spread base will take a 3"dia. column. The top mounting plate is 8" x 8" for the 18"dia. and 24"dia. base spreads. The finished height of the base is 27 ½" when fully assembled for standard dining height, 40 ½" for bar height.
- Finishes are available in the following
 - Standard ISA powder coat finishes
 - P60 Satin Chrome
 - P40 Satin Nickel
 - P77 Polished Chrome
- Base spread sizes and the tops that can be used with them are as follows:
 - 18" dia., for top 22"-30"
 - 24" dia., for top 30"-36"

** Recommended top sizes are approximate only and are based on dining height tables.*

- Also available in bar height, counter height and with a wood column.
- Also available with flip top mechanism at an additional charge. Flip top mechanism may affect overall table height by up to 1"
- Shipped unassembled unless otherwise specified.
