SPECIFICATION:

- All bases start with a bottom round disk piece that is spun metal and is available in various diameters.
- All bases have adjustable glides in them to allow leveling on uneven floors.
- A 2" diameter 14 gauge metal column with 8 gauge mounting plate is welded to the base and polished smooth (on the 18" and 24" spreads ONLY). A 3" diameter 14 gauge metal column with 8 gauge mounting plate is welded to the base and polished smooth (on 30" spread ONLY).
- The top mounting plate spread will either be 11" x 11" (18" \emptyset spread) or 14" x 14" (24" \emptyset and 30" \emptyset spread).
- Bases are available in any standard ISA powder coat and Platted finishes. Prices vary based on finish.
- Extra weight is added to the bottom of the base for stability.
- Also available in custom heights, upon request. Extra charges and minimum quantities apply.
