

1918 CAMDEN SERIES

1918-WS

1918-US

OVERALL DIMENSIONS 1918-WS/ 1918-US CAMDEN STOOL:

DIMENSIONS ARE APPROXIMATE

YARDAGE:

1918-US (Upholstered Seat): 1 yard per 2 chairs (based on based on plain, non-directional, no repeat textile)

SPECIFICATIONS:

- Frame to be constructed from 16 gauge square metal tubing $\frac{7}{8}$ " x $\frac{7}{8}$ ".
- Bottoms of legs are capped with heavy duty metal, shock absorbing swivel chair glides. Alternate glides may be used depending on the type of flooring at the project site.
- Frame components are bent and welded together with 4 seat mounting tabs. The barstool frame is then strengthened with 1 front, 1 back and 2 middle stretchers.
- Upholstered seat version to be 1½" thick box style. The seat is attached to the metal frame with screws. The foam is an extra firm 2 pound density.
- Wood seat is prefinished in any of ISA's standard finishes and sealed with a catalyzed lacquer.
- Metal frame finishes available in the following:

- Any standard ISA powder coat finish
- P60 satin chrome metal finish
- P77 polished chrome metal finish
- P70 Satin Brass
- P75 Antique Brass
