---

### SPECIFICATION:

- All bases start with a bottom cross style piece that is 14 gauge 2 ½" dia. tubing that is tapped. All cross pieces have adjustable glides to allow leveling on uneven floors.
- All columns are constructed from 16 gauge steel, 2 ½" dia. tubing. All components are welded and polished together.
- The mounting plate is 3/16" thick steel and welded to the vertical column. Mounting plates are 11" x 11" or 14" x 14" depending on table application and size.
- Base spread sizes and the tops that can be used with them are as follows:
  - 18" x 18", for top 18"-24"
  - 22" X 22", for top 24"-30"
  - 30" x 30", for top 36"-48"

\*This base style is suitable with ADA tops that are no less than 30 x 42 in size.
- Available in custom heights upon request. Upcharges for customization apply.
- Available with top plate flip-mechanism upon request.
