*I am extremely proud to announce that ISA has entered its 44<sup>th</sup> year in business. A business that started at my family's kitchen table (literally) has evolved into the dynamic furniture company it is today.*

*Although the kitchen table was eventually replaced with a 90,000 square foot plant, I am pleased to say that our values and work ethic have remained the same. I would like to extend my gratitude to the ISA family during this journey; our success would not be possible without their dedication. I look forward to the next 44 years of supplying high quality designed products.*

*I would like to thank everyone for their continued support and business!*

**Kevin Sandler**  
President
